

WINTER 2010 REVIEW COURSES for the ASBOG® GEOLOGY LICENSING EXAM

The Association of Environmental & Engineering Geologists (AEG) is pleased to announce the Winter, 2010 series of review courses for the ASBOG® geology licensing exam taught by REG REVIEW, Inc. AEG and REG REVIEW, Inc. have partnered to provide these courses since 1992. In the Winter of 2010, twelve one-day review courses will be offered regionally throughout the U.S., these twelve courses will be spread out into the following regions, the Pacific Northwest, the Southeast, the Central East Coast, the Northeast, the North Central, the Central Midwest, the Southwest, the Central West, as well as the regular Northern and Southern California locations (which are now 2 sections 1 day for the ASBOG and one day for the CA Supplemental). Specific locations are listed below.

REG REVIEW, Inc students typically have a pass rate that is 20% to 25% higher than the National average. Our success rate was between 95% and 96% on both exams for the past few administrations of the exam. The National pass rate during the same time was 58% to 55% for the FG and 74% to 70% for the PG. With the current state of the economy, can you afford not to pass the exam the first time you take it?

Who should take this class? Anyone who feels they need help getting the focus and direction needed to be able to streamline their studying process to adequately address the topics covered by the exam.

Course dates and locations are as follows:

(For more specific location information please go to our website

at <http://regreview.com/winter2010courselocations.html>)

Included in the course price are the set of Study Manuals pertinent to the exams you are taking and a packet of course notes (60+ page) that we have developed to present material that is new to the exams. The course notes are only available to our students.

REG REVIEW, Inc. has been teaching these courses in California since 1985. In March 2000, we began to direct our teaching towards the ASBOG® geology licensing exam. The pass rate for students in classes since 2000 has ranged from 85 to 99%. The courses are taught by Patti Sutch, California PG 3949, CEG1641, and CHG 25, Lisa Dirth, California PG 3951, CEG 1240, and North Carolina RG by ASBOG exam, and Elisabeth Ervin-Blankenheim, Pennsylvania PG and past student of REG REVIEW.

Current information on study manuals, flash cards, and courses, including specific locations, may be found online on REG REVIEW, Inc's website at <http://regreview.com> To contact REG REVIEW Inc.: e-mail - regreview@aol.com, mailing address - 178 Bowles Rd, Newbury, NH 03255 , telephone - East Coast call Lisa Dirth at 603-763-3272, (fax) 603-763-3341. West Coast (evenings) Patti Sutch at 916-456-4870.

Please pass this information on to any geologist that you know is taking the state licensure examinations.
Thanks.
