

Secretary's Report

The January meeting at Marie Calendars in Redlands was our inaugural meeting as the 2006-2007 AEG Inland Empire Board. Many thanks to all that attended. Our topic was 60 years of CPT presented by Dr. Robertson with Gregg Drilling in Signal Hill. The talk was very informative especially for those of us that have not used CPT investigative methods recently.

We have an ambitious year planned for outreach to the local colleges and Universities and anticipate setting up a scholarship fund. All of this is to encourage study in the earth sciences. Your support (and volunteer help) is and will be needed..

See you at the next Meeting.

Mike Cook
2006 Secretary
AEG Inland Empire

Treasurer's Report

9-Feb-06

Since the beginning of this year, we have yet another Petras Sponsor, designated as a Silver Petras Sponsor from giving \$250.00 thanks to Joe Aldearn of Kleinfelder & Associates (Redlands). We now have 12 Petras Sponsors.

Gross income less cost of the January 2006 meeting netted \$37.00. AEG sent checks in the amount of \$20.00 each to Professor Lee of UCR for three student's refunds for completing the Fall Landslides short course. We will send invoice to Inland Geological Society to recoup half of the \$60 (\$30). One of those checks is still outstanding.

No other income or expenses have incurred since beginning of the year. Subject to deposit of meeting proceeds (not including outstanding check and IGS remittance) the Inland Empire Chapter has a cash net worth of \$1689.19.

Richard R. Gundry PG, CPG
Treasurer
