DINNER MEETING

(October '88)

NO DINNER MEETING THIS MONTH

Don't forget to attend

1988 ANNUAL MEETING of the ASSOCIATION OF ENGINEERING GEOLOGISTS

"EXPLORATION METHODS AND APPLICATIONS,
NEW AND REVISITED"

Kansas City, Missouri
October 16-21, 1988

SHORT COURSES

- Introduction to Remote Sensing
- Principles, Procedures & Problems of Geotechnical Site Investigation and Reports

FIELD TRIPS

- Lead-Zinc Mines
- Underground Space
- Dams and Highway Construction
- Urban Kansas City
- USACE Channel Deepening

SYMPOSIA

- Remote Sensing in Geology & Engineering: New Advances and Applications
- Computer Simulation as a Tool in Ground Water Investigations

TECHNICAL SESSIONS

- Drilling, Logging, Sampling
- Ground Water Studies
- Geophysical Methods Aerial Mapping Techniques
- And Much More!

ANNOUNCEMENTS

Section Membership Fee Increase

As discussed and voted on at the May meeting, our section fee for next year will be increased from \$15 to \$20. This increase will partially cover the \$10 per member that each California section is being assessed to support a lobbyist in Sacramento. (The remainder of the Southern California Section's assessment will be met from sources other than the member's fee.) The lobbyist will be looking out for the interests of engineering geologists in California.

November Meeting

Please be sure to check your November newsletter for the date of our next meeting. We are trying to change the date from November 8 (election day) to November 15. A definite date has not been set however.

As announced at the September meeting, Chris Wills is leaving Southern California to take a permanent job with the California Division of Mines and Geology in their Bay area office. Though this ends nearly a year of uncertainty in a temporary position, I will be sorry to leave Southern California, its geology and geologists. The new newsletter editor, starting with the November newsletter, will be Kelly Rowe, who has also recently taken over as publications chairman. Kelly is a hydrogeologist with James M. Montgomery, Consulting Engineers, Inc. in Irvine. He has been a hydrogeologist in Southern California and elsewhere since graduating from San Diego State in 1978. He is bringing a healthy amount of enthusiasm and a brand-new word processor to his new job as editor. A sample of his work and the coming improvement in the appearance of the newsletter can be seen this month in the "Positions Available" space.

POSITIONS AVAILABLE

Career Opportunity For ENVIRONMENTAL CONSULTANT

Growth-oriented environmental equipment supply company serving the hazardous waste industry seeks earth science/engineering consultant for technical sales manager. Should be a self-starter with good communication skills. Sales experience is not required. Excellent opportunity for motivated individual considering position in sales/marketing. Positions available in San Francisco, Los Angeles, Houston and Florida.
