

Greetings AEG Southern California Chapter Member

We hope you will join us for the first AEG Southern California meeting of 2024. The meeting will be on **Tuesday, January 9th**, the meeting will be held at Victorio's Ristorante, in North Hollywood.

The speaker will be Mr. Nolan Seles PG, of GEOKON, a recognized world leader in the manufacture of geotechnical and structural monitoring instrumentation. GEOKON was founded in 1979 and has developed a diverse line of vibrating wire sensors unsurpassed by any other manufacturer. These reliable devices are considered the most suitable technology for many geotechnical applications. GEOKON devices are used before, during, and after construction to monitor water pressure, strain, and movement. Geokon instrumentation is used extensively for monitoring the safety and stability of dams, tunnels, bridges, retaining walls, and a variety of other civil works.

Mr. Seles has over 10 years of experience in consultation, installation, and sales of a variety of geotechnical instrumentation. Mr. Seles began his career in the consulting sector where he served as a professional geologist working on hydrogeology projects in southern California. Mr. Seles was involved in designing monitoring programs, procurement of instruments, installation, monitoring, and data collection, evaluation, and presentation. He has been with Geokon as the regional sales engineer for the western United States for the past 4 years.

Mr. Seles will cover an overview of GEOKON and their products, reasons for using instrumentation on geotechnical projects, vibrating wire and MEMs sensor technology, and geotechnical instrumentation and data collection.

Meeting date: Tuesday, January 9th.

Location: Victorio's Ristorante, 10901 Victory Boulevard, North Hollywood, CA 91606, 818-762-9000.

Time: 5:45 pm Social Hour, 6:45 pm Dinner, 7:30 pm Program
